Conditions of Permit

1. INSURANCE REQUIREMENTS:

At least thirty (30) days prior to the event, furnish the City with a certificate of insurance and an additional insured endorsement (CG Form 20 26) in an amount not less than \$2,000,000 naming the City of Pacific Grove as an additional insured. Such insurance must be primary to any City insurance, and the City must have at least ten (10) days notice if (1) any of the required insurance policies is terminated; (2) the limits of any of the required policies are reduced; (3) or the deductible or self-insured retention is increased.

If applicable

Automobile Liability: Insurance Services Office Form Number CA 0001 covering all owned, non-owned or hired autos with limit no less than \$1,000,000 per accident for bodily injury and property damage. The City shall be an additional insured on this policy.

Workers' Compensation/Employer's Liability insurance: As required by the State of California with Statutory Limits in the amount of \$1,000,000 per accident. Sponsoring Organization grants a waiver of any right to subrogation and agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation; however, this provision applies regardless of whether or not the City has received a waiver of subrogation endorsement from the insurer.

2. REIMBURSEMENT:

The sponsoring organization must reimburse the City for all direct and incidental expenses for the use of City personnel and facilities. The City has absolute discretion to determine the number of personnel that will be provided for an event.

3. TRASH, RECYCLE & WASTE MANAGEMENT:

The sponsor is responsible for all sign placement and removal, litter control, trash removal and clean-up activities and for providing necessary containers and personnel for recycling activities as determined by the City.

The use of helium balloons or other event decorations that may result in illicit waste or discharges is prohibited.

The sponsor must properly dispose of waste throughout the term of the event and immediately upon conclusion of the event the area must be returned to a clean condition. Public waste containers may not be used for event waste disposal. One (1) waste station is required for every increment of 50 people. A waste station is a set of three (3) 64-gallon wheeled carts where one (1) is blue and is for recycling, one (1) is yellow and is for compostable items and one (1) is black and is for garbage. The three carts that comprise a waste station must be placed out together as a set with signage for event attendee use. If vendor booths are set up with garbage containers, they must also be equipped with recycling and compost containers. These must be placed side-by-side and clearly marked with what items may be placed in each container. Garbage, recycling, and compostable collection service can be ordered by contacting the City's franchise waste hauler. Alternate containers are acceptable as long as they adhere to the specifications set forth above. The sponsor must ensure that all recyclable materials are delivered to a recycling facility, and not to a landfill.

The sponsor must comply with Pacific Grove Municipal Code Chapter 9.30 (storm water management and discharge control ordinance). Waste deposited in proper waste receptacles for the purpose of collection is exempt from this prohibition. No person shall discharge or cause to be discharged into the city storm drain system or watercourses any materials (including but not limited to pollutants or waters containing any pollutants) that cause or contribute to a violation of applicable water quality standards, other than storm water. **[Ord. 07-002 | 2, 2007]**
